HAMLIN, JONES COUNTY, TEXAS 79520, APRIL 15, 1971

PRICE TEN (10) CENTS

NEWS AND VIEWS . . .

And What Have You
By BOB CRAIG

The formal dedication ceremonies for Hamlin's new paved and lighted airport facilities will be held here Sunday afternoon. The dedication will be a part of an all-day program planned at the airport — starting with a fly-in breakfast for visiting pilots and ending with a world-famous airshow.

The Jaycees are hoping to feed as many as a thousand at the noon barbecue and hope to have that many or more at the airshow.

Some of the top stunt pilots in the nation will be on hand for the airshow which will include aerobatic flights, sky diving and aircraft displays.

Because a great amount of time and expense has gone into this effort by the Jaycees I hope that a large crowd will turn out for the barbecue and airshow.

A recent decision by John A. Volpe, Secretary of the U.S. Department of Transportation, to include farm truck drivers under the federal Motor Vehicle Safety Regulations has caused a great deal of concern among farm groups and individual farmers.

The regulations causing all of the concern would become effective as of July 1, 1971, and would require all drivers of farm trucks — including pickups — in interstate commerce to meet the following requirements:

--Be at least 21 years of age.
--Carry a certificate, executed by a physician during the preceding 24 months evidencing fitness to drive

--Pass a road test in truck operation.

--Take an examination on the federal Motor Vehicle Safety Regulations.

But a check with Cong. Omar Burleson's office in Abilene reveals that it is doubtful if this will ever become the problem it looks to be. Walter Grubbs of the Abilene office said Monday that a meeting between farm groups and the Director of the Bureau of Motor Carrier Safety will be held in Washington Tuesday and it is expected at that time that vehicles carrying 10,000 pounds or less will be made exempt.

In talking to Grubbs it was learned that this is not a new regulation but one that had been on the books for quite sometime and that apparently Secretary Volpe had decided that it should be enforced.

While it would be possible through a broad interpretation of interstate commerce to get every farm pickup covered by the act, it now appears that this is not likely to happen because it would be next to impossible to enforce. To enforce such a requirement would require the estabblishment of a federal highway patrol.

If you drive on West Lake Drive you have probably noticed that the Charles Abshers have gotten the jump on the rest of us with their spring clean up campaign. Mr. and Mrs. Absher, who recently bought Style Cleaners, have landscaped the front of their building and have made it

And while on this subject I note that Mr. and Mrs. Bill Feagan are coming right along in tearing down the White Plaza Hotel and rebuilding

a new office building.

Both of these projects will add to
the appearance of Hamlin and it is
things like this that make a big difference in how a town looks.

Congratulations to each of you.

BAS

TO PERFORM SUNDAY — Charlie Hillard is pictured in front of one of one of the planes in which he will perform Sunday at the Jaycee sponsored Airshow to be held at the Hamlin Municipal Airport. Hillard is a member of the team that holds the world's Aerobatic Championship. The plane is the Akromaster. The airshow will be preceded by a barbecue dinner and airport dedication ceremonies.

Hamlin to Have Direct Distance Dialing Sunday

Hamlin telephone customers can start dialing their own station-to-station long distance calls at midnight Saturday as Direct Distance Dialing is inaugurated.

"Equipment is installed and final testing is being completed in preparation for the cutover," said Bud McCasland, manager for Southwestern Bell.

"This is a service improvement which we are pleased to complete for Hamlin," he added.

McCasland pointed out that on DDD calls, all pertinent billing information is automatically recorded on paper tape and then is transcribed by computers for billing.

"Customers needn't worry about being billed for wrong

Edward Johnson was receipient of the coveted Fred B. Moore Jr. Award as the most outstanding FFA member. Edward, a senior, is the son of Mr. and Mrs. Leonard Johnson. The award was presented by T. C. Blankinship advisor.

Honorary memberships were presented to Mr. and Mrs. Cecil Sellers and Jerry Smith.

Other awards were presented to Jim Johnson, a first year student, Star Green Hand; Rickey Gruben, a second year student, Star Chapter Farmer; and Star Lone Star Farmer, Carlos Gonzalez.

Best rabbit farmer was David Thompson. Carlos Gonzalez was named top swine farmer and Charlie Sellers was recognized as the top beef farmer.

National Foundation Awards were presented by Milburn Wink, advisor, to the following: Kenneth Payne, fish and wildlife management; Rickey Gruben, soil and water management: Mark Madden, farm and home electrification; Edward Johnson, agriculture mechanics; Charlie Sellers, livestock farming; Ed-

W. T. Johnson Elected School Trustee President

The re-organization of the Board of Trustees of Hamlin Independent School District was the only matter of business taken up by the local group Monday evening.

Elected presdent was W. T. Johnson. Other officers include Raymond Scifres, vice president and Lewis Earl Madden, secretary.

Other members of the board are Dr. M. L. Smith, Jackie Williams, Clyde Lewis, and Ewell Mackey. Scifres and Williams were re-elected in the Apr. 3 election.

BARBECUE, AIRSHOW-

Airport Dedication Ceremonies Sunday

Formal dedication ceremon. ies for the Hamlin Municipal Airport will be held here Sunday afternoon as part of the all-day activities being planned by the Hamlin Jaycees.

Highlighting the activities of the day will be a noon barbecue and an airshow featuring some of the top pilots in the nation. The Jaycees are catering the barbecue with tickets selling for \$2.00 per plate and are available from any Jaycee. Tickets to the airshow are \$1.00 and are available in advance or at the field.

The Jaycees will host a Fly-In breakfast for visiting pilots from 7 a.m. to 10:30 The barbecue will be held from 11:30 to 2 p.m. and the airshow will get underway at 1:30.

The aviation committee of the Hamlin Board of Community Development is making the plans for the ribbon cutting and dedication ceremony which will precede the airshow.

Rep. Frank Calhoun of Abllene will be the speaker and he will be introduced by Jack Willingham, first vice president of the BCD. Taking part in the ceremonies will be John Scarborough, BCD president, and Hollis Madden, Mayor.

The airport is located two miles south of Hamlin, just off the McCaulley Highway.

invocation.

The 3200-foot paved runway has just recently been completely lighted. Hamlin Flying Service operates on land adjacent to the runway and offers hanger service, fuel,

charter service, agricultural spraying and instruction.

The airport was built by city funds, state funds and local donations and meets

all state requirements.

Airshow to Feature World Champion

One of the top Air Shows in the nation will be the featured entertainment of the all-day activities being sponsored by the Hamlin Jaycees to dedicate the new Hamlin Municipal Airport. The air show will start at 1:30.

Admission to the air show will be \$1.00 per person and will include supervised parking.

M. H. Spinks Industries Inc. of Fort Worth will put on the air show for the Jaycees which will feature Charlie Hillard President of Aerobatic Club of America, and a member of the United States Aerobatic Team in 1966, 1968, and 1970. The team won the World Aerobatic Championship in 1970.

M. H. "Pappy" Spinks Sr., past president of the Aerobatic Club of America, will narrate the airshow that will feature pilots from his Oak Grove Airport flying a number of aircraft from his private collection.

The show will include aerobatic flights, sky diving and light plane safety demonstrations.

There will be many displays of new and old aircraft, including some that are home-

Hillard started flying exhibitions in 1958 and has flown more than 350 air shows throughout the United States, Europe, Canada and the Bahamas, An approximate 10 million persons have watched the young pilot perform his precision areobatic maneuvers.

His performances have been aired on the American Broadcasting Company's "Wide World of Sports" and the National Broadcasting Company's "Sports Spectacular."

As well as being on the World Champion team, Hillard also won a bronze medal for third place in overall standing out of 51 pilots from 11 different countries. He was the United States Men's

Aerobatic Champion in 1967.

Among the aircraft to be on hand for the show include:
Krier Kraft, Akromaster, Pitts Special, Bucker Jungmeister,
Tiger Moth, Chipmunk, Citabria, J-3 Cub and a Clipped
Wing Taylorcraft.

Dr. Howard H. Hollowell

First Methodist To Open Revival Here Sunday

Th First United Methodist Church will conduct a spring revival starting Sunday morning and running through Thursday evening, according to Dr. Luther Kirk, pastor.

Dr. Howard H. Hollowell of First United Methodist Church of Wichita Falls will be evangelist for the services. He is a graduate of Sweetwater High School and of McMurry College. He was awarded the honorary Doctor of Divinity Degree by McMurry College in 1955.

Regular worship hours will be observed Sunday and weekday services will be held at 6:30 a.m. and at 7:30 p.m. Breakfast will be served during the morning hour with the services to be over at 7:30.

AT FFA BANQUET — Top chapter winners who received awards at the annual Parent and Son Banquet Tuesday evening are, from left, Carlos Gonzales, star lone star farmer; Rickey Gruben, star chapter farmer; Edward Johnson, winner of the Fred B. Moore Jr. Agriculture Award and Jim Johnson, stargreen hand. Charlie Sellers, right president of the local chapter and Area II vice president, presided at the banquet.

'In Your Lifetime'

"We want to wipe out cancer in your lifetime."

That is the theme of the American Cancer Society's April Crusade. There are volumes behind those nine words. The trend in the medical attack on cancer gives reason for hope.

In the late thirties, for example, fewer than one in five cancer patients was being saved. The following decade it was one of four. And today one of three hit by cancer is saved.

With knowledge now available, sober medical and scientific opinion holds one of two cancer patients could be saved providing detection and treatment come in time.

The advances in the treatment of cancer have come from research and improvement of surgical and radiation therapy. In some instances, drugs have been effective against certain types of cancer.

But there can be little difference of opinion about what is needed for the final conquest of this ancient enemy of mankind. The scientific battles have to be broadened and stepped up. This means more money for brain power and manpower, more money for equipment and facilities.

When an ACS volunteer comes to your home in April, remember the goal: "We want to wipe out cancer in your lifetime."

FROM THE FILES

FORTY-FIVE YEARS AGO

(April 9, 1926)

Last Saturday was school election time over the state. In Hamlin there was a very light vote polled. Only seventy-eight votes in all. There were six names on the ticket and three to

The Herald keeps telling the world that South Hamlin is "coming out of the kinks." That has been clear evidence for more than a year. This week finds the citizens on South Farwell Avenue co-operating with the city in putting down over two thousand feet of new water mains, of three and six inch pipe. This line will give ample water for the many new and modern residences on that street, both for irrigation and fire protection.

Somebody must be expecting to dress up, if we judge by the way they took clothing from the Wall-Young Gents Furnishing store, Wednesday night. About \$300.00 worth of stuff was carried away sometime between two and three o'clock Thursday morn-

Nightwatchman Reynolds discovered the rear door standing open and reported this to the owners. It was found that several pairs of shoes of different sizes were taken, a number of hats in sizes to correspond to the sizes of the shoes; then there were missing shirts, pants, belts, gloves, underwear, caps, socks, and at least one suit of clothes. The suit was one belonging to a customer who had it in the shop to be pressed.

At press time Thursday there is no clue as to who did this kind of work.

TWENTY YEARS AGO (April 13, 1951)

The Pied Pipers of Hamlin were not seriously extended in winning the district track and field meet held at Snyder last Saturday. Competing against a bevy of teams from Roscoe, Merkel, Colorado City, Snyder, Roby and Rotan the Pipers racked up 53 points for an overwhelming lead. Merkel took second honors with 28, Colorado City 26 1/4, Snyder 18, Roscoe 17, Roby 12 and Rotan 10.

Bud Jackson, former Hamlin grocer, now in business at Truby was the

victim of a robbery last week.

Thieves availed themselves of tools Jackson had been using making repairs to his store premises to enter the building and in gaining entrance to the safe. Estimates are that \$78.00 was stolen in the robbery.

Mayor Mac Brundage has been approached with a number of requests that a city ordinance be enacted which would bar the use of air rifles by the youth of Hamlin within the city limits.

Damage to property that has resulted from the free use of just such guns has led to the requests for legislation. Serious injury that came to an Abilene boy has also been taken into account in the fears of parents.

TEN YEARS AGO (April 13, 1961)

The Hamlin Jaycees will conduct their second annual Safe Driving Teen-age Road-e-o here Saturday, April 15, according to Ed Lewis, project chairman.

The driving part of the meet will be held in the street in front of the High School building Saturday afternoon with the young people taking their written tests in the morning.

This year young people from Aspermont, Old Glory and McCaulley have been invited to compete with the entries from Hamlin.

The local winner will enter 'the Texas Jaycee regional contest to be held here May 13.

The winners are judged on skill in driving and their knowledge of the driving rules and regulations.

The twelfth annual gathering of the Neinda Community Homecoming will be held Sunday, April 23, at the Community Center as announced by John R. Brown Jr., chairman.

aside and was resting my brain on television the other night when a program came on telling about what man is doing to wildlife on this plan-

According to it, what man is doing is downright sinful, crowding out the elephants, the leopards, lions, zebras, birds, whales, bald eagles, etc., and if he keeps it up he's going to upset the ecology so much the world will never be the same.

Man is guilty all right but let's not forget the other species. For example, did you see the scene of the elephant uprooting an innocent tree to get at the tender top leaves? Also, how many other trees must the ecology surrender to support one giraffe?

Man litters his highways with cans and bottles, but did you ever see what bats can do to a cave?

Of course man ought to know better, which is what flea-bitten dogs probably think about fleas. Dogs ought to learn it's all right to scratch fleas but not to use pesticides on them.

A lot of people are saying these days that man has made a mess of life on this planet and they long for the good old days. What they long for are the good old days in the warm spring, not in the cold winter when the wind whistled through the cracks in the cabin and the salted bear meat was getting rancid, if you'll excuse the reference to the ecology of the bear. I have often thought if Daniel Boone had had the future of this country in mind he'd never have worn a coonskin cap or deer-hide moccasins or slept on a bear skin rug. Even now I'm embarrassed when I hear an amateur environmentalist defeding ecology while wearing leather shoes.

There's some funny thinking going on these days, especially among grasshoppers, who seem to think green grass and tender garden plants showed up just for them to lay waste.

Ecological balance is a fine thing. I'm in favor of it. So is the rabbit being pursued by a hungry fox, which is being pursued by a hungry lion. Man has damaged this planet all right, but he sure has improved it too. I'll let the elephants tell what they've done along his line.

Yours faithfully, J. A.

Interest Revived In Grandfather Clocks In Country

Fairhope, Ala. - Emperor Clock Company of Fairhope, Alabama has succeeded in generating a revival of interest in the traditional grandfather clock. The renasissance began just about two years ago.

General acceptance of grandfather clock ownership has been nation-wide," reports George Fowler, President. "Sales have been so good that it pushes production to meet the demand. It appears that the traditional grandfather clocks are a national status symbol," Fowler added.

"Grandfather clocks are among the most treasured furniture pieces handed down as heirlooms from generation to generation. They grow in value and survive the changes of time," Fowler said. "The Emperor Clock Company enhances the beauty and charm of cherished grandfather clocks by using modern manufacturing methods. The heretofore high cost of quality grandfather clocks is thus reduced to a popular price range," Fowler stated.

Grandson

Mr. and Mrs. George Pruitt announce the arrival of a grandson, George Kent Groat born Apr. 12 at Cedars Hospital in Mansfield. He weighed 10 lbs. 4 oz. Parents are Mr. and Mrs. Vernon Groat, form er Hamlin residents. Kent has one brother, Scott, 5, and a sister, Martie, 3. Mrs. Groat is the former Janette Pruitt.

Brett McCracken accompanied Mr. and Mrs. Andy Bundas to Winters to spent Easter with the parents of Mrs. Bundas, Mr. and Mrs. Leon Walker.

Complete Travel Guide to Texas Now Being Offered By Highway Department

never looked so good."

J. C. Dingwall, State Highway Engineer, thus summarized the highway department's comprehensive new Texas tourist publication.

Titled 'Texas, Land of Contrast," the book fills 200 pages with the scenic, historic and recreational pleasures of Texas. It offers concise details on what to see and do, and illustrates the whole with a lavish selection of color photographs.

"Here between two covers is the complete travel guide to Texas," Dingwall said. "With this book, our out-ofstate visitors will find points of interest to occupy their time in every part of the state. And they can explore everywhere, because the book contains both detailed section maps, and a statewide foldout map at the back."

The new book is a consolidation of many formerly separate pieces of highway department travel literature. Combining tourist information about 371 cities and towns in

state's travel ads. The new book measures eight by eleven inches. The cover, a travel scene from the past, is a Frederick Reming. ton painting of an old stage coach. In its topics ranging from caves to mile-high mountains, the books cites nearly 4,000 items of tourist and travel information. Some 400 color photographs illustrate the text, which is supplemented by 10 detailed section maps.

In its initial production run of 200,000 the book required more than 5,000 pounds of ink and 10 railroad cars of paper weighing 186 tons. Running feet of paper through the press totaled 19 million feet, or nearly 3,600 miles.

Gorv Story

Wilness by witness, exhit exhibit, the prosecutor was building his case against a woman accused of slaying her husband. But when he tried to bring in the victim's blood-blotched garments, the defense attorney raised a vig-

orous objection. "Your Honor," he said, "there is no question that the man was murdered. The only issue in this case is whether my client did it. I see no justification for bringing in all this gruesome clothing."

either, and held the evidence not

admissible. The judge said:
"These bloodstained garments could in no manner identify the murderer. We can conceive of no other purpose than to excite the passions and inflame the minds of

It is on this ground that courts generally take a dim view of gruesome evidence. Nevertheless, the fact remains that trials often Evidence is not disqualified by gruesomeness if it is really useful.

Another case involved manslaughter by automobile. Here, the prosecutor wanted to show the jury a battered shoe - its laces torn - that had been ripped from the victim's foot when he was

struck by the car. This time, one of the issues was how fast the car had been traveling when it hit the victim. Since the shoe did cast light on this issue, it was held to be admissible evidence. Even if it was inflammatory, said the court, it could still

help the jury reach a just verdict. A similar rule applies to photographs. In another murder case, the prosecutor wanted to show the jury a picture of the victim's body, lying on a table at the mortuary. Over defense objections, the court allowed the prosecutor to go ahead - because the picture gave valuable assistance in showing the location of the fatal wound.

As one judge put it: "Courts and juries cannot be too squeamish about looking at unpleasant things, especially if truth is on trial."

PORTRAITS FOR ALL AGES

AUSTIN, - Serious financial business faced the Legislators on their return to the capitol after spending the Easter holiday with the homefolk.

A Senate sub-committee immediately began drafting a tax bill which is expected to exceed \$550 million. That is the minimum amount needed to balance the upper house version of the budget - from a smorgasbord of proposals already aired.

Both the House and the in the 100-yd. dash. The girls Senate are due to take up and pass their respective appropri-Several students and Mrs. ations bills, already drafted and move the issue of budgeting into a 10-member conference committee of top legis-

> Big battle in the Senate, over revenue-raising, may be on a liberal-backed proposal to levy a new corporation income tax. More than a dozen votes are regarded as firm for the corporate profits tax, with three or four more senators rated as "pos-

Senators are cool toward the \$492.5 million tax package sent over earlier from the House - first, because they regard it as inadequate and, second, because it places the bulk of the load on consumers and students. Bill would raise the sales tax three-fourth of one percent to four percent, hike college tuitions and mark up the corporate franchise tax 50 cents per \$1,000.

Earlier, and for the first time, the Senate voted against permitting floor amendments on tax proposals which have not been subject to public hearing.

Here are some of the major tax proposals which have been made to the Senate State Affairs Committee:

A corporate profits tax of six per cent, which would produce an estimated \$600 million in two years.

A corporate profits tax boost, to gross about \$39.5

\$279.8 million.

Two cents a gallon gasoline tax increase, to promote \$92 million to the state and \$30 million to cities and counties for highway matters.

A beer tax boost to \$10 a barrel. \$95 million. Pipeline tax, \$30 million.

AMENDMENT FIGHT LOOMS - Battle lines are forming for the May 18 constitutional amendments elec-

Conservation leaders and Texas AFL-CIO executive board have declared war on Proposition 4, which would create a \$100 million bond fund to assist local governmental units with sewage treatment plant costruction.

AFL-CIO also announced opposition to an amendment creating a state commission to set legislators' pay and ethical standards for officials. Support was given to raising the welfare ceiling and the amendment which would allow constitutional changes to be proposed in special sesion as well as regular legislative sessions.

Governor Smith announced appointment of Richard D. Brown, executive director of Texas Municipal League, to head a Committee on Clean Water, promoting passage of the water bond amendment which would also raise the maximum rate on Texas Water Development Board bonds from four to six per cent.

A committee of 12 will serve as the coordinators of Texas Citizens for Welfare Reform, promoting passage of Amendment 3 to raise the aid ceil-

COURTS SPEAK - State has given notice of appeal in an historic federal court case at Corpus Christi where a three-judge panel held that Texas' annual voter registration requirement is unconstitutional.

State Supreme Court reversed the decision of a Dallas civil appeals court, directing a new hearing in the civil breach contract action against Texas Rubbed Supply Inc.

Court of Criminal Appeals ordered a new trial for a Texarkana man convicted of murder on grounds that the trial court did not rule correctly on whether a statement by the defendent was volun-Increase the sales tax to tary and that the man should four per cent, to bring in be heard on the issue of accidental snooth

Fifty-sixth district court of Galveston County has enjoined the Gulf Chemical and Metallurgical Corporation near Texas City, directing it to install specified air po!lution abatement equipment by September 10.

Third Court of Civil Apeals was told, in arguments by attorneys, that the defunct Sharpstown State Bank did not adequately check the identity of a man who gave it \$470,000 in surety bonds. BONDS FAIL TO SELL --

A \$25 million offer of Texas Water Development Bonds failed to draw bidders. It was felt that the four per cent ceiling on interest discouraged buyers.

Board members said another offer will be made later in the month if a "favorable" market develops.

A representative of a Dallas bank was about to offer a bid but moments before the opening he announced he had changed his mind. Board succeeded in selling \$15.1 milhion worth of bonds late in February at 3.9984 per cent.

AG OPINIONS - Several domestic relations and juvencourt judges stand to lose retirement benefits if their courts are converted into state district courts of general jurisdiction, Atty. Gen. Crawford Martin has held. In other recent opinions, Martin concluded that:

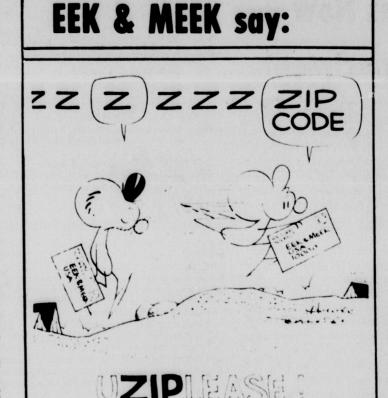

A bill providing for a county civil service system in counties over 300,000 is constitutional.

Legislation seeking to prohibit State Board of Insurance members or employees from receiving compensation from any insurance company within six years after they leave their state posts is unconstitutional.

Grayson County commissioners court may legally employ an attorney to make investigation for a grand jury.

Petroleum products shipped out of state from F. O. B. loading points in Texas do not constitute receipts from business done in Texas under the franchise tax law, because physical possesion occurs outside the state

Texas Fine Arts Commission may publish in its newsletter the text of legislation re-

lating to fine arts and solicit comments: but it may not argue the merits of a bill, tell who supports it nor can a list of legislators be printed in their publication.

Requirement of a bill that no county may alter, damage, destroy, sell or lease its courthouse without six months' notice to the Texas Historical Survey Committee is not comprehended in the Antiquities Code.

A bill to create a State Budget Commission of executive and legislative branch members violates the constitution in seeking to grant legislative power to the executive department of government and executive power to the legislative branch.

CAR DEALER LICENSING DUE - Governor Smith signed into law legislation establishing a six-member Texas Motor Vehicle Commission to license major new car dealers and manufacturers.

Consumers are assured by law that warranties will be

performed by dealers and manufacturers. False advertising and misrepresentation of products and services are also prohibited.

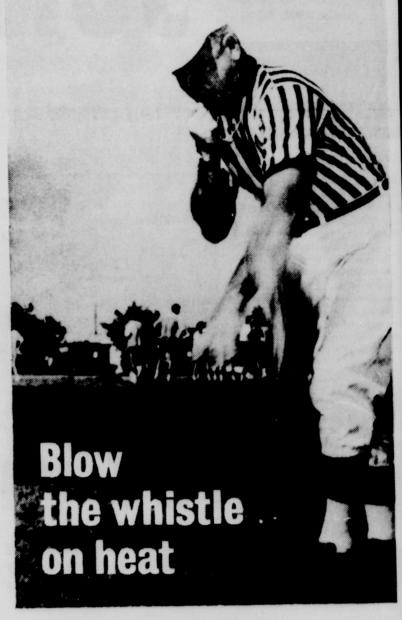

SHORT SNORTS Reduction and eventual repeal of the chain store tax, which produces about \$5 million a year in revenue, was voted by the Senate.

A bill changing the Texas Unemployment Compensation System to conform with minimum new federal requirements was passed by the

Transfer of \$6.8 million in welfare contingency funds to prevent a cut in aid to families with dependent children was ordered by the Senate.

A controversial code of ethics was passed by the House

Consumer groups and the AFL-CIO directed their wrath against the so-called uniform consumer credit code and its proposed steep increases in loan interest rates.

Electrically, of course!

HEIDENHEIMER'S

A "SOUND" EXAMINATION - Strange as it sounds, dentists may someday use sound in the form of ultrasonics to examine teeth for cavities. The ultrasonic probe is a "spin-off" from the non-destructive testing (NDT) field of atomic research. Demonstrated here is how the sound probe can be used to "see" inside a tooth - note the vertical deviations on the horizontal oscilloscope line in the background, they represent a cavity in the tooth. The purpose of NDT is to find ways of looking inside solid objects, such as pipes in a nuclear reactor, without dismantling the object or using x-rays. The research was started at the Atomic Energy Commission's Pacific Northwest Laboratory, while additional studies are under the sponsorship of the U.S. Public Health Service. (Photo by Battelle-

Wage-Hour Division Sets Check On Farm Labors

Expressing concern that sustantial numbers of farm workers covered by the Fed. eral minimum wage law are not receiving their rightful wages, the U.S. Department of Labor's Wage and Hour Division today promised a stepped-up effort to bring covered farms into compliance with the law.

Regional Director William J. Rogers in Dallas said Allen, Cecil Sellers, Roy thousands of farm workers Rutherford, Jack Wiley, are either unaware of the James Shelley and Claudie \$1.30 an hour minimum wage in agriculture or do not call violations to the attention of the Department of Labor for

fear of losing their jobs. "Similarly," he said, "many farm employers do not appear to be aware of the require. ments which the law imposes." Farm work was brought

within coverage of the Fair Labor Standards Act by amendments in 1966, and the minimum wage of \$1.30 an hour must be paid to every worker who is engaged in covered employment by an employer who used more than 500 man-days of farm labor in any calendar quarter of the preceding calendar year.

Wage-Hour Division records of investigation findings showed that almost three out of every 10 farms investigated, with covered employees, were found in violation in fiscal

In terms of "people and money," investigators found \$1,045,907 to be owing 8,194 agricultural workers in minimum wage violation cases in fiscal 1970, as compared with a minimum wage underpay-

Fort Griffin Fandangle Sets **Membership Picnic**

The 1971 Fort Griffin Fandangle Family Membership Picnic will again be held at Reynolds Bend in Albany, Saturday, April 24. The picnic had originally been scheduled for Friday, April 23, but due to a conflict in dates, the picnic was changed to Saturday. The Membership picnic is the annual spring get-together of the Fandangle Albany, Texas 76430. Association members.

Watt R. Matthews, President of the Fandangle Association, invites members to arrive at 6:00 p.m. in order to have time to tour the restored homesteads. There will be a steam calliope concert while members and their families eat their picnic suppers. If the members want to bring a picnic supper, the Fandangle Association will furnish iced tea and coffee. For those who do not want to bring a picnic supper, the Texas Trails Chuck Wagon will serve barbecue at \$2.00 a plate.

At dusk, Albany citizens will present the hour long Fandangle Sampler, a preview of the 1971 Fandangle! From the woods and river bottoms suddenly appear cowboys on horseback carrying Fandangle flags racing across the level plain in front of the spectators. Colorfully dressed side-saddle ladies will precede the buckboard bearing narrators Marilynne Jacobs and Bob Green, who will tell the story of the Tonkawa Indians, the first settlers, and the rollicking town of Fort Griffin - Wildest Town of the West.

The public is cordially invited to join the Fandangle Association and attend the membership picnic. Regular memberships are \$25 and As-

sociate are \$10. Income from the membership dues help finance the June Fandangle to be presented June 17-19, 24-26 in Albany's own Prairie Theatre. A membership includes husband, wife and school age children. An unmarried member may bring friend. Please mail check to Fort Griffin Fandangle Association - Box 185 -

The 'Little Brown Spider'

Why does his bite excite an over-reaction in man's body?

The way the body some- the bite is usually not noticed America, was bitten on the being researched in immu- practically no sensation." nology studies under way at The University of Texas Medical Branch at Galveston.

Pediatrics researcher Dr. of the skin. Within 24 hours, Clifton Wayne Smith is study- there is a characteristic blister ing in depth the bite of the and then the site aches and little Brown Spider.

The bite of the spider ex- Then the area becomes cites an over-reaction: An amount of venom so small that it might be safely ignored excites so strenuous a response that the body kills healthy characteristic black scab. Altissue, sometimes over an area the size of a man's hand.

Destructive Armies

Dr. Smith hopes to find out how and why the body calls forth such self-destructive armies of white blood cells. He refers to that aspect of his infection and immunization research as "a kind of hobby I have indulged in over the past several years."

The Brown Spider lives in the Southwest U.S. where the climate is warm. Its bite is scarcely ever considered a medical emergency. The venom almost invariably causes the same series of reactions. It is seldom fatal.

Tiny Fangs "The fangs are so tiny that

times over-kills invaders-and at the time that it occurs," Dr. damages itself in the process-is Smith explained. "It causes

breaks and the discolored skin

develops a black eschar. In

every case there is always this

ways. I have worked with hun-

dreds of animals in these stud-

ies and there is always the

characteristic black scab. If

there is not the black scab, the

bite is not that of the Brown

of a man's hand. The average

reaction is a dime-sized scab

which lasts from a few days to

a week before sloughing off to

like a hole with a raised, pearly

border. It becomes a draining

wound which oozes. It may

two to three weeks to a month.

In one case the healing process

took more than a hundred

days. And it leaves a scar.

He added:

"The venom is deposited Also unusual, but possible, very superficially, near the top are such systemic reactions as a rash which might envelop the entire body or an even more serious reaction which might burns, sometimes intensely. damage the kidneys. violaceous (blue), the blister

face, near her eye, and the scar

contracted severely enough to

be disfiguring. But this is un-

"There is very occasionally a hemolytic reaction-a kind of hypersensitivity which might break up red blood cells. In that case, there would be symptomatic blood in the urine," Dr. Smith explained. "In most cases, the reaction to the bite is not this severe, however. Documented fatalities due to Brown Spider bite are extremely rare.

"So far, the treatment "The scab may be the size usually is surgical excision of of a pin head. It may form a the ulcer and a skin graft to necrotic-dead-area, the size prevent scarring," he said. "In cases requiring more than that, the steroids (hormone derivatives) are used to treat cases where there is a wider, reveal an ulcer. This ulcer looks systemic reaction or where there is intense inflammation."

As part of his research, Dr. Smith milks the venom from ooze a pinkish fluid. This heals the spider by shocking it with very gradually, taking from electrodes.

Placing The Blame

His latest experiments demonstrate that the white blood cells are, partly, respon-"One little girl in South sible for the tissue damage. In

animals in which most of the white blood cells are removed, the venom did not cause bleeding or a significant amount of dead tissue.

In other words, if physicians could determine a way to interfere with the body's calling too many overly strenuous white blood cells into action, they would have a way to keep the body from injuring itself by over-fighting any invader. Considerable evidence supports this concept that the very cells needed to defend a body may

inflict certain types of tissue injury. They just do not seem to know when to quit. Parallels To Be Drawn

"What we are concerned with is learning how and why the defense mechanisms are so over-stimulated. There are parallels to be drawn with other infections," Dr. Smith explained.

In some infections, the troublemakers are certain antibodies which over-attack, or attack the wrong thing, such as the kidney, which might be

A variety of nephritis (glomerulonephritis) is characterized by inflammation of the capillary loops in the glomeruli of the kidney, as an over reaction to certain infections. There are serum sicknesses triggered by this sort of toostrenuous attack by the body's protective mechanisms.

Several Generations

Study of the Brown Spider's bite is not new. Dr. Smith found a male and a female Brown Spider in the basement of the Ashbel Smith Building on the UTMB campus years ago and raised "a good many generations of spiders, for research purposes," he reports. Furthermore, "there is a report of a spider bite lesion very

Remember

injured by over-zealous anti- likely to have been due to Medical Journal of around Brown Spider in the Texas 1895," he commented.

Direct Distance Dialing Starts Sunday For Hamlin Telephone Customers

Starting next Thursday, telephone customers in Hamlin will be able to dial their own Long Dis-Distance calls direct to more than 100 million telephones throughout the United States and Canada.

This improvement in telephone service, at no increase in rates, has taken years of planning and engineering.

When you dial your own Long Distance numbers, calls always go through at low station-to-station rates . . . about one third less than person-toperson.

HERE'S HOW TO MAKE A DDD CALL ...

1. Dial "1" . . . this connects your phone to the vast DDD network.

2. Dial the Area Code only if it's different from your own. 3. Dial the number you want to call . . . just as you would a local call.

Suppose, for example, you want to call 825-4199 in Denver. The Denver Area Code is 303 (see the front pages of your directory.) So you'll dial:

Area Code

825-4199 Telephone Number

DDD Code To make a call within your home 915 area, you will not need to dial the Area Code. To call 672-4351 in Abilene, for example, you would dial:

DDD Code

672-4351 Telephone Number

In a few seconds, you'll hear the phone ring in the distant city.

Some Questions and Answers About Direct Distance Dialing

Q_"Will I be charged if I reach

A-There is no charge for a wrong number. If you get a wrong number, try to find out what city and number you have reached. Then hang up. dial "Operator" immediately and report it to her. She will see that you are not improperly charged

Q—"Will I be charged if the number I call is busy or there is no answer?"

A-No. Just hang up and try again later. DDD calls are recorded and billed by electronic machines which record only completed calls (when someone answers the distant telephone).

Q_"What if I run into trouble

A—Most DDD calls go through quickly, efficiently, and trouble-free. However, if you should be cut off, if you cannot hear well on the connection, or experience any other trouble, please hang up, then immediately dial "Operator" and report it to her. She will take steps to correct the difficulty.

Q_"How do I call collect or

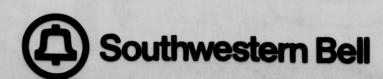

A-Your DDD calls are station-to-station calls. For other types of calls-person-to-person, collect, credit card calls, those charged to another number, or those from coin phones-dial "Operator." She will handle the call for you.

Q_"How do I get the area code for the city I want to call?"

A—The front pages of your telephone directory have a list of area codes for frequently called cities. Cities called less frequently are omitted to shorten the list and save you time. If you cannot find the area code for the city you wish to call, dial "Operator" and tell her the city you want.

Q_"What if I don't know the telephone number I want?"

A—Just dial "1", plus the area code if it's different from your own, plus 555-1212. The distant Directory Assistance operator will answer. When she gives you the number, jot it down. Then hang up for a few seconds before you dial your call. There is no charge for the call to Directory

NEWS AND VIEWS . . .

And What Have You

By BOB CRAIG

The formal dedication ceremonies for Hamlin's new paved and lighted airport facilities will be held here Sunday afternoon. The dedication will be a part of an all-day program planned at the airport - starting with a fly-in breakfast for visiting pilots and ending with a world-famous airshow.

The Jaycees are hoping to feed as many as a thousand at the noon barbecue and hope to have that many or more at the airshow.

Some of the top stunt pilots in the nation will be on hand for the airshow which will include aerobatic flights, sky diving and aircraft displays.

Because a great amount of time and expense has gone into this effort by the Jaycees I hope that a large crowd will turn out for the barbecue and airshow.

A recent decision by John A. Volpe, Secretary of the U.S. Department of Transportation, to include farm truck drivers under the federal Motor Vehicle Safety Regulations has caused a great deal of concern among farm groups and individual farmers.

The regulations causing all of the concern would become effective as of July 1, 1971, and would require all drivers of farm trucks - including pickups - in interstate commerce to meet the following requirements:

--Be at least 21 years of age.

-- Carry a certificate, executed by a physician during the preceding 24 months evidencing fitness to drive a truck.

-- Pass a road test in truck operation.

-- Take an examination on the fe-

deral Motor Vehicle Safety Regulations.

But a check with Cong. Omar Burleson's office in Abilene reveals that it is doubtful if this will ever become the problem it looks to be. Walter Grubbs of the Abilene office said Monday that a meeting between farm groups and the Director of the Bureau of Motor Carrier Safety will be held in Washington Tuesday and it is expected at that time that vehicles carrying 10,000 pounds or less will be made exempt.

In talking to Grubbs it was learned that this is not a new regulation but one that had been on the books for quite sometime and that apparently Secretary Volpe had decided that it should be enforced.

While it would be possible through a broad interpretation of interstate commerce to get every farm pickup covered by the act, it now appears that this is not likely to happen because it would be next to impossible to enforce. To enforce such a requirement would require the estabblishment of a federal highway patrol.

If you drive on West Lake Drive you have probably noticed that the Charles Abshers have gotten the jump on the rest of us with their spring clean up campaign. Mr. and Mrs. Absher, who recently bought Style Cleaners, have landscaped the front of their building and have made it quite attractive.

And while on this subject I note that Mr. and Mrs. Bill Feagan are coming right along in tearing down the White Plaza Hotel and rebuilding a new office building.

Both of these projects will add to the appearance of Hamlin and it is things like this that make a big dif-

ference in how a town looks. Congratulations to each of you.

TO PERFORM SUNDAY - Charlie Hillard is pictured in front of one of one of the planes in which he will perform Sunday at the Jaycee sponsored Airshow to be held at the Hamlin Municipal Airport. Hillard is a member of the team that holds the world's Aerobatic Championship. The plane is the Akromaster. The airshow will be preceded by a barbecue dinner and airport dedication ceremonies.

Hamlin to Have Direct Distance Dialing Sunday

Hamlin telephone customers can start dialing their own station-to-station long distance calls at midnight Saturday as Direct Distance Dialing is inaugurated.

"Equipment is installed and final testing is being completed in preparation for the cutover," said Bud McCasland, manager for Southwestern

"This is a service improvement which we are pleased to complete for Hamlin," he

McCasland pointed out that on DDD calls, all pertinent billing information is automatically recorded on paper tape and then is transcribed by computers for billing.

"Customers needn't worry about being billed for wrong

Edward Johnson was receipient of the coveted Fred B. Moore Jr. Award as the most outstanding FFA member. Edward, a senior, is the son of Mr. and Mrs. Leonard Johnson. The award was presented by T. C. Blankinship advisor.

Honorary memberships were presented to Mr. and Mrs. Cecil Sellers and Jerry Smith.

Other awards were presented to Jim Johnson, a first year student, Star Green Hand; Rickey Gruben, a second year student, Star Chapter Farmer; and Star Lone Star Farmer, Carlos Gonzalez.

Best rabbit farmer was David Thompson. Carlos Gonzalez was named top swine farmer and Charlie Sellers was recognized as the top beef farmer.

National Foundation Awards were presented by Milburn Wink, advisor, to the following: Kenneth Payne, fish and wildlife management; Rickey Gruben, soil and water management; Mark Madden, farm and home electrification; Edward Johnson, agriculture mechanics; Charlie Sellers, livestock farming; Ed-

W. T. Johnson **Elected School** Trustee President

The re-organization of the Board of Trustees of Hamlin Independent School District was the only matter of business taken up by the local group Monday evening.

Elected presdent was W. T. Johnson. Other officers include Raymond Scifres, vice president and Lewis Earl Madden, secretary.

Other members of the board are Dr. M. L. Smith, Jackie Williams, Clyde Lewis, and Ewell Mackey. Scifres and Williams were re-elected in the Apr. 3 election.

BARBECUE, AIRSHOW-

Airport Dedication Ceremonies Sunday

Formal dedication ceremon. ies for the Hamlin Municipal Airport will be held here Sunday afternoon as part of the all-day activities being planned by the Hamlin Jay-

Highlighting the activities of the day will be a noon barbecue and an airshow fleaturing some of the top pilots in the nation. The Jaycees are cattering the barbecue with tickets selling for \$2.00 per plate and are available from any Jaycee. Tickets to the airshow are \$1.00 and are available in advance or at the field.

The Jaycees will host a Fly-In breakfast for visiting pilots from 7 a.m. to 10:30 The barbecue will be held from 11:30 to 2 p.m. and the airshow will get underway at

The aviation committee of the Hamlin Board of Community Development is making the plans for the ribbon cutting and dedication ceremony which will precede the airshow.

Rep. Frank Calhoun of Abilene will be the speaker and he will be introduced by Jack Willingham, first vice president of the BCD. Taking part in the ceremonies will be John Scarborough, BCD president, and Hollis Madden, Mayor.

The airport is located two miles south of Hamlin, just off the McCaulley Highway.

'In Your Lifetime'

"We want to wipe out cancer in your life-

That is the theme of the American Cancer Society's April Crusade. There are volumes behind those nine words. The trend in the medical attack on cancer gives reason for hope.

In the late thirties, for example, fewer than one in five cancer patients was being saved. The following decade it was one of four. And today one of three hit by cancer is saved.

With knowledge now available, sober medical and scientific opinion holds one of two cancer patients could be saved providing detection and treatment come in time.

The advances in the treatment of cancer have come from research and improvement of surgical and radiation therapy. In some instances, drugs have been effective against certain types of cancer.

But there can be little difference of opinion about what is needed for the final conquest of this ancient enemy of mankind. The scientific battles have to be broadened and stepped up. This means more money for brain power and manpower, more money for equipment and facilities.

When an ACS volunteer comes to your home in April, remember the goal: "We want to wipe out cancer in your lifetime."

Neinda Philosopher Defends Man In The Current Ecological Argument

Editor's note: The Neinda logy this week. Write him, aside and was resting my Philosopher on his Johnson not us. grass farm on Route One Dear editar: takes a sidelong look at eco-

I had laid my newspaper

FROM THE FILES

FORTY-FIVE YEARS AGO (April 9, 1926)

Last Saturday was school election time over the state. In Hamlin there was a very light vote polled. Only seventy-eight votes in all. There were six names on the ticket and three to elect.

The Herald keeps telling the world that South Hamlin is "coming out of the kinks." That has been clear evidence for more than a year. This week finds the citizens on South Farwell Avenue co-operating with the city in putting down over two thousand feet of new water mains, of three and six inch pipe. This line will give ample water for the many new and modern residences on that street, both for irrigation and fire protection.

Somebody must be expecting to dress up, if we judge by the way they took clothing from the Wall-Young Gents Furnishing store, Wednesday night. About \$300.00 worth of stuff was carried away sometime between two and three o'clock Thursday morning.

Nightwatchman Reynolds discovered the rear door standing open and reported this to the owners. It was found that several pairs of shoes of different sizes were taken, a number of hats in sizes to correspond to the sizes of the shoes; then there were missing shirts, pants, belts, gloves, underwear, caps, socks, and at least one suit of clothes. The suit was one belonging to a customer who had it in the shop to be pressed.

At press time Thursday there is no clue as to who did this kind of

TWENTY YEARS AGO (April 13, 1951)

The Pied Pipers of Hamlin were not seriously extended in winning the district track and field meet held at Snyder last Saturday. Competing against a bevy of teams from Roscoe, Merkel, Colorado City, Snyder, Roby and Rotan the Pipers racked up 53 points for an overwhelming lead. Merkel took second honors with 28, Colorado City 26 1/4, Snyder 18, Roscoe 17, Roby 12 and Rotan 10.

Bud Jackson, former Hamlin grocer, now in business at Truby was the

victim of a robbery last week.

Thieves availed themselves of tools Jackson had been using making repairs to his store premises to enter the building and in gaining entrance to the safe. Estimates are that \$78.00 was stolen in the robbery.

Mayor Mac Brundage has been approached with a number of requests that a city ordinance be enacted which would bar the use of air rifles by the youth of Hamlin within the city limits.

Damage to property that has resulted from the free use of just such guns has led to the requests for legislation. Serious injury that came to an Abilene boy has also been taken into account in the fears of parents.

TEN YEARS AGO (April 13, 1961)

The Hamlin Jaycees will conduct their second annual Safe Driving Teen-age Road-e-o here Saturday, April 15, according to Ed Lewis, project chairman.

The driving part of the meet will be held in the street in front of the High School building Saturday afternoon with the young people taking their written tests in the morning.

This year young people from Aspermont, Old Glory and McCaulley have been invited to compete with the entries from Hamlin.

The local winner will enter 'the Texas Jaycee regional contest to be held here May 13.

The winners are judged on skill in driving and their knowledge of the driving rules and regulations.

The twelfth annual gathering of the Neinda Community Homecoming will be held Sunday, April 23, at the Community Center as announced by John R. Brown Jr., chairman.

brain on television the other night when a program came on telling about what man is doing to wildlife on this plan-

According to it, what man is doing is downright sinful, crowding out the elephants, the leopards, lions, zebras, birds, whales, bald eagles, etc., and if he keeps it up he's going to upset the ecology so much the world will never be the same.

Man is guilty all right but let's not forget the other species. For example, did you see the scene of the elephant uprooting an innocent tree to get at the tender top leaves? Also, how many other trees must the ecology surrender to support one giraffe?

Man litters his highways with cans and bottles, but did you ever see what bats can do to a cave?

Of course man ought to know better, which is what flea-bitten dogs probably think about fleas. Dogs ought to learn it's all right to scratch fleas but not to use pesticides on them.

A lot of people are saying these days that man has made a mess of life on this planet and they long for the good old days. What they long for are the good old days in the warm spring, not in the cold winter when the wind whistled through the cracks in the cabin and the salted bear meat was getting rancid, if you'll excuse the reference to the ecology of the bear. I have often thought if Daniel Boone had had the future of this country in mind he'd never have worn a coonskin cap or deer-hide moccasins or slept on a bear skin rug. Even now I'm embarrassed when I hear an amateur environmentalist defeding ecology while wearing leather shoes.

There's some funny thinking going on these days, especially among grasshoppers, who seem to think green grass and tender garden plants showed up just for them to

Ecological balance is a fine thing. I'm in favor of it. So is the rabbit being pursued by a hungry fox, which is being pursued by a hungry lion. Man has damaged this planet all right, but he sure has improved it too. I'll let the elephants tell what they've done along his line.

Yours faithfully, J. A.

Interest Revived In Grandfather Clocks In Country

Fairhope, Ala. - Emperor Clock Company of Fairhope, Alabama has succeeded in generating a revival of interest in the traditional grandfather clock. The renasissance began just about two years

General acceptance of grandfather clock ownership has been nation-wide," reports George Fowler, President. "Sales have been so good that it pushes production to meet the demand. It appears that the traditional grandfather clocks are a national status symbol," Fowler added.

"Grandfather clocks are among the most treasured furniture pieces handed down as heirlooms from generation to generation. They grow in value and survive the changes of time," Fowler said. "The Emperor Clock Company enhances the beauty and charm of cherished grandfather clocks by using modern manufacturing methods. The heretofore high cost of quality grandfather clocks is thus reduced to a popular price range," Fowler stated.

Grandson

Mr. and Mrs. George Pruitt announce the arrival of a grandson, George Kent Groat born Apr. 12 at Cedars Hospital in Mansfield. He weighed 10 lbs. 4 oz. Parents are Mr. and Mrs. Vernon Groat, form er Hamlin residents. Kent has one brother, Scott, 5, and a sister, Martie, 3. Mrs. Groat is the former Janette Pruitt.

Brett McCracken accompanied Mr. and Mrs. Andy Bundas to Winters to spent Easter with the parents of Mrs. Bundas, Mr. and Mrs. Leon Walker.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of

Coleman Adv. Sei

GREEN THUMB . . . is the way of describing those that have a way with plant life. The ones, who are so gifted, will tell you that to be successful with plants, you must see that they have plenty of water. God knows too, that a soul must be watered in order for it to mature and grow.

"... and thou shalt be like a watered garden, and like a spring of water, whose waters fail not." Isaiah 58:11

Complete Travel Guide to Texas Now Being Offered By Highway Department

never looked so good."

J. C. Dingwall, State Highway Engineer, thus summarcomprehensive new Texas Padre Island National Sea- cationing in Texas." tourist publication.

Titled "Texas, Land of Contrast," the book fills 200 pages with the scenic, historic and recreational pleasures of Texas. It offers concise details on what to see and do, and illustrates the whole with a lavish selection of color photographs.

"Here between two covers is the complete travel guide to Texas," Dingwall said. "With this book, our out-ofstate visitors will find points of interest to occupy their time in every part of the state. And they can explore everywhere, because the book contains both detailed section maps, and a statewide foldout map at the back."

The new book is a consolidation of many formerly separate pieces of highway department travel literature. Combining tourist information

Due to the great demand for Texas travel information, Dingwall said the book will be reserved for single copy distribution only. He cited more than a million annual visitors at tourists bureaus, plus the department's responsibility for handling He likened the book's wide some 275,000 mail inquiries. about 371 cities and towns in range of interests to a Sears including coupons from the state's travel ads.

The new book measures eight by eleven inches. The cover, a travel scene from the past, is a Frederick Remington painting of an old stage coach. In its topics ranging from caves to mile-high mountains, the books cites nearly 4,000 items of tourist and travel information. Some 400 color photographs illustrate the text, which is supplemented by 10 detailed section maps.

In its initial production run of 200,000 the book required more than 5,000 pounds of ink and 10 railroad cars of paper weighing 186 tons. Running feet of paper through the press totaled 19 million feet, or nearly 3,600 miles.

Gorv Story

Witness by witness, exhibit by exhibit, the prosecutor was building his case against a woman accused of slaying her husband. But when he tried to bring in the victim's blood-blotched garments, the defense attorney raised a vigorous objection.

Your Honor," he said, "there is no question that the man was murdered. The only issue in this case is whether my client did it. I see no justification for bringing in all this gruesome clothing."

either, and held the evidence not admissible. The judge said:

"These bloodstained garments could in no manner identify the murderer. We can conceive of no other purpose than to excite the passions and inflame the minds of the jury.

It is on this ground that courts generally take a dim view of gruesome evidence. Nevertheless, the fact remains that trials often must deal with dreadful events. CHARLIE HILLARD Evidence is not disqualified by gruesomeness if it is really useful

Another case involved manslaughter by automobile. Here, the prosecutor wanted to show the jury a battered shoe - its laces torn - that had been ripped from the victim's foot when he was struck by the car.

This time, one of the issues was how fast the car had been traveling when it hit the victim. Since the shoe did cast light on this issue, it was held to be admissible evidence. Even if it was inflammatory, said the court, it could still help the jury reach a just verdict.

A similar rule applies to photographs. In another murder case, the prosecutor wanted to show the jury a picture of the victim's body, lying on a table at the mortuary. Over defense objections, the court allowed the prosecutor to go ahead - because the picture gave valuable assistance in showing the location of the fatal wound.

As one judge put it: "Courts and juries cannot be too squeamish about looking at unpleasant things, especially if

truth is on trial.'

PORTRAITS FOR ALL AGES

AUSTIN, - Serious fi-

nancial business faced the Legislators on their return to the capitol after spending the Easter holiday with the homefolk.

A Senate sub-committee immediately began drafting a tax bill which is expected to the minimum amount needed a smorgasbord of proposals

Both the House and the Senate are due to take up and pass their respective appropri-Several students and Mrs. ations bills, already drafted ing into a 10-member confer-Mr. Hill is much better, ence committee of top legis-

> Big battle in the Senate, over revenue-raising, may be to levy a new corporation income tax. More than a dozen votes are regarded as firm for the corporate profits tax, with three or four more senators rated as "pos-

Senators are cool toward the \$492.5 million tax package sent over earlier from the House - first, because they regard it as inadequate and, second, because it places the bulk of the load on consumers and students. Bill would raise the sales tax three-fourth of one percent to four percent, hike college tuitions and mark up the corporate franchise tax 50 cents per \$1,000.

Earlier, and for the first time, the Senate voted against permitting floor amendments on tax proposals which have not been subject to public

Here are some of the major tax proposals which have been made to the Senate State Affairs Committee:

A corporate profits tax of six per cent, which would produce an estimated \$600 million in two years.

A corporate profits tax boost, to gross about \$39.5 million.

Increase the sales tax to four per cent, to bring in \$279.8 million.

Two cents a gallon gasoline tax increase, to promote \$92 million to the state and \$30 million to cities and counties for highway matters.

A beer tax boost to \$10 a barrel. \$95 million. Pipeline tax, \$30 million.

AMENDMENT FIGHT LOOMS - Battle lines are forming for the May 18 constitutional amendments elec-

Conservation leaders and Texas AFL-CIO executive board have declared war on Proposition 4, which would create a \$100 million bond fund to assist local governmental units with sewage treatment plant costruction.

AFL-CIO also announced opposition to an amendment creating a state commission to set legislators' pay and ethical standards for officials. Support was given to raising the welfare ceiling and the amendment which would allow constitutional changes to be proposed in special sesion as well as regular legislative sessions.

Governor Smith announced appointment of Richard D. Brown, executive director of Texas Municipal League, to head a Committee on Clean Water, promoting passage of the water bond amendment which would also raise the maximum rate on Texas Water Development Board bonds from four to six per cent.

A committee of 12 will serve as the coordinators of Texas Citizens for Welfare Reform, promoting passage of Amendment 3 to raise the aid ceil-

COURTS SPEAK - State has given notice of appeal in an historic federal court case at Corpus Christi where a three-judge panel held that Texas' annual voter registration requirement is unconstitutional.

State Supreme Court reversed the decision of a Dallas civil appeals court, directing a new hearing in the civil breach contract action against Texas Rubbed Supply Inc.

Court of Criminal Appeals ordered a new trial for a Texarkana man convicted of murder on grounds that the trial court did not rule correctly on whether a statement by the defendent was voluntary and that the man should be heard on the issue of accidental shooting.

Fifty-sixth district court of Galveston County has enjoined the Gulf Chemical and Metallurgical Corporation near Texas City, directing it to install specified air pollution abatement equipment by September 10.

Third Court of Civil Apeals was told, in arguments by attorneys, that the defunct Sharpstown State Bank did not adequately check the identity of a man who gave it \$470,000 in surety bonds.

BONDS FAIL TO SELL --A \$25 million offer of Texas Water Development Bonds failed to draw bidders. It was felt that the four per cent ceiling on interest discouraged buyers.

Board members said another offer will be made later in the month if a "favorable" market develops.

A representative of a Dallas bank was about to offer a bid but moments before the opening he announced he had changed his mind. Board succeeded in selling \$15.1 milhion worth of bonds late in February at 3.9984 per cent.

AG OPINIONS - Several domestic relations and juvenile court judges stand to lose retirement benefits if their courts are converted into state district courts of general jurisdiction, Atty. Gen. Crawford Martin has held. In other recent opinions,

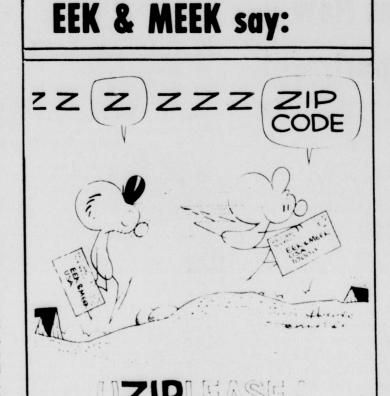

Martin concluded that: A bill providing for a county civil service system in counties over 300,000 is con-

Legislation seeking to prohibit State Board of Insurance members or employees from receiving compensation from any insurance company within six years after they leave their state posts is unconstitutional.

Gravson County commissioners court may legally employ an attorney to make investigation for a grand jury.

Petroleum products shipped out of state from F. O. B. loading points in Texas do not constitute receipts from business done in Texas under the franchise tax law, because physical possesion occurs outside the state

Texas Fine Arts Commission may publish in its newsletter the text of legislation re-

lating to fine arts and solicit comments; but it may not argue the merits of a bill, tell of legislators be printed in their publication.

Requirement of a bill that no county may alter, damage, destroy, sell or lease its courthouse without six months' notice to the Texas Historical Survey Committee is not comprehended in the Antiquities Code.

A bill to create a State Budget Commission of executive and legislative branch members violates the constitution in seeking to grant legislative power to the executive department of governthe legislative branch.

CAR DEALER LICENSING DUE - Governor Smith signed into law legislation establishing a six-member Texas Motor Vehicle Commission to license major new car deal-

ers and manufacturers. Consumers are assured by law that warranties will be

performed by dealers and manufacturers. False advertising and misrepresentation who supports it nor can a list of products and services are also prohibited.

SHORT SNORTS

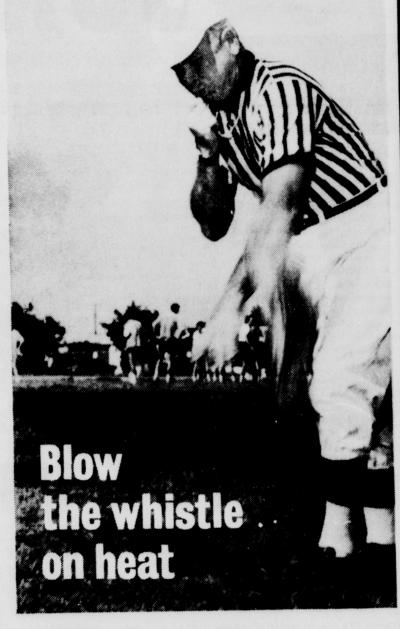

Reduction and eventual repeal of the chain store tax, which produces about \$5 million a year in revenue, was voted by the Senate.

A bill changing the Texas Unemployment Compensation System to conform with minimum new federal requirements was passed by the House

Transfer of \$6.8 million in welfare contingency funds to prevent a cut in aid to families with dependent children ment and executive power to was ordered by the Senate.

A controversial code of ethics was passed by the

Consumer groups and the AFL-CIO directed their wrath against the so-called uniform consumer credit code and its proposed steep increases in loan interest rates.

Electrically, of course!

J. L. Hill Jr., is president and vice presidents A duties and the Nominating are J. R. Gleaton, R. C. Cobb and Bill Glenn.

Funeral Services Held Sunday for Mrs. Pearl Cooper

Funeral services were held cupies on the board and to here Sunday at 2 p.m. in the First Baptist Church for Mrs. Pearl Cooper, 77. She died at 4:30 p.m. Friday in the Hamlin Memorial Hospital after a brief illness.

The Rev. Howard Jones, pastor, and the Rev. Marshall Stewart, pastor of the Church of the Nazarene, officiated. Burial was in the Afton

Mrs. Cooper was born in Fisher County Nov. 3, 1893, and had lived in the Round Top Community for the past 59 years. She was the daughter of the late Mr. and Mrs. Paul Reed and married the late Mr. Terry B. Cooper in Aspermont in 1912. He was a farmer and rancher and died Oct. 17, 1945. She was member of the Baptist

Mrs. Cooper was survived by four sons: Reed, Elmer, Roy and Paul, all of Hamin; a sister, Mrs. Carl Dodson of Olney; eight grandchildren.

She was preceded in death by a daughter.

Pallbearers were: Frank Allen, Cecil Sellers, Roy Rutherford, Jack Wiley, are either unaware of the of every 10 farms investigated, James Shelley and Claudie \$1.30 an hour minimum wage with covered employees, were Allen.

HEIDENHEIMER'S

A "SOUND" EXAMINATION - Strange as it sounds, dentists may someday use sound in the form of ultrasonics to examine teeth for cavities. The ultrasonic probe is a "spin-off" from the non-destructive testing (NDT) field of atomic research. Demonstrated here is how the sound probe can be used to "see" inside a tooth - note the vertical deviations on the horizontal oscilloscope line in the background, they represent a cavity in the tooth. The purpose of NDT is to find ways of looking inside solid objects, such as pipes in a nuclear reactor, without dismantling the object or using x-rays. The research was started at the Atomic Energy Commission's Pacific Northwest Laboratory, while additional studies are under the sponsorship of the U.S. Public Health Service. (Photo by Battelle-

Wage-Hour Division Sets Check On Farm Labors

Expressing concern that sustantial numbers of farm workers covered by the Fed. eral minimum wage law are not receiving their rightful wages, the U. S. Department worker who is engaged in covof Labor's Wage and Hour Division today promised a children and five great-grand- stepped-up effort to bring 500 man-days of farm labor with the law.

Regional Director William thousands of farm workers showed that almost three out in agriculture or do not call violations to the attention of the Department of Labor for

fear of losing their jobs. "Similarly," he said, "many to be aware of the require. ments which the law imposes."

within coverage of the Fair Labor Standards Act by amendments in 1966, and the minimum wage of \$1.30 an hour must be paid to every ered employment by an employer who used more than covered farms into compliance in any calendar quarter of the 'preceding calendar year.

Wage-Hour Division records J. Rogers in Dallas said of investigation findings found in violation in fiscal year 1969.

In terms of "people and money," investigators found \$1,045,907 to be owing 8,194 farm employers do not appear agricultural workers in minimum wage violation cases in fiscal 1970, as compared with Farm work was brought a minimum wage underpay-

Annual Neinda Reunion to Open Sunday Morning

The 20th annual Neinda Reunion will be held in the Neinda Community Center Sunday, according to M. H. Castleberry, chairman.

The business session will start at 11 a.m. to be followed by a catered dinner. The lunch of barbecue and other meats will be served for \$2.00 for adults. The ladies are asked to bring

Mr. Castleberry said that a good attendance is needed if the annual event is to continue.

Dinner Saturday

The Senior Mission of Oak Grove Baptist Church will sponsor a dinner Saturday evening at the Fellowship

ment of \$733,638 for 6,926 workers in fiscal 1969.

Fort Griffin Fandangle Sets **Membership Picnic**

The 1971 Fort Griffin Fandangle Family Membership Picnic will again be held at Reynolds Bend in Albany, Saturday, April 24. The picnic had originally been scheduled for Friday, April 23, but due to a conflict in dates. the picnic was changed to Saturday. The Membership picnic is the annual spring get-together of the Fandangle Albany, Texas 76430. Association members.

Watt R. Matthews, President of the Fandangle Association, invites members to arrive at 6:00 p.m. in order to have time to tour the restored homesteads. There will be a steam calliope concert while members and their families eat their picnic suppers. If the members want to bring a picnic supper, the Fandangle Association will furnish iced tea and coffee. For those who do not want to bring a picnic supper, the Texas Trails Chuck Wagon will serve barbecue at \$2.00

At dusk, Albany citizens will present the hour long Fandangle Sampler, a preview of the 1971 Fandangle! From the woods and river bottoms suddenly appear cowboys on horseback carrying Fandangle flags racing across the level plain in front of the spectators. Colorfully dressed side-saddle ladies will precede the buckboard bearing narrators Marilynne Jacobs and Bob Green, who will tell the story of the Tonkawa Indians, the first settlers, and the rollicking town of Fort Griffin - Wildest Town of the West.

The public is cordially invited to join the Fandangle Association and attend the membership picnic. Regular memberships are \$25 and As-

sociate are \$10. Income from the membership dues help born Apr. 9 at 12:10 a.m. finance the June Fandangle to be presented June 17-19, 24-26 in Albany's own Prairie Theatre. A membership includes husband, wife and school age children. An unmarried member may bring a friend. Please mail check to Fort Griffin Fandangle Association — Box 185 —

cites an over-reaction: An amount of venom so small that that the body kills healthy tissue, sometimes over an area the size of a man's hand.

Destructive Armies

Dr. Smith hopes to find out how and why the body calls forth such self-destructive armies of white blood cells. He refers to that aspect of his infection and immunization research as "a kind of hobby I have indulged in over the past several years.'

The Brown Spider lives in the Southwest U.S. where the climate is warm. Its bite is scarcely ever considered a medical emergency. The venom almost invariably causes the same series of reactions. It is seldom fatal.

Tiny Fangs

He added:

"The venom is deposited very superficially, near the top ing in depth the bite of the and then the site aches and burns, sometimes intensely. The bite of the spider ex- Then the area becomes

"So far, the treatment "The scab may be the size usually is surgical excision of of a pin head. It may form a the ulcer and a skin graft to necrotic-dead-area, the size prevent scarring," he said. "In of a man's hand. The average cases requiring more than that, reaction is a dime-sized scab the steroids (hormone derivawhich lasts from a few days to tives) are used to treat cases where there is a wider, systemic reaction or where there is intense inflammation."

As part of his research, Dr. Smith milks the venom from the spider by shocking it with electrodes.

Placing The Blame

His latest experiments demonstrate that the white blood cells are, partly, respon-

ing or a significant amount of dead tissue.

In other words, if physicians fere with the body's calling too many overly strenuous white blood cells into action, they would have a way to keep the body from injuring itself by over-fighting any invader. Considerable evidence supports this concept that the very cells

needed to defend a body may

times over-kills invaders-and at the time that it occurs," Dr. face, near her eye, and the scar white blood cells are removed, injury. They just do not seem Parallels To Be Drawn

> "What we are concerned with is learning how and why could determine a way to inter- the defense mechanisms are so over-stimulated. There are parallels to be drawn with other infections," Dr. Smith explained.

In some infections, the troublemakers are certain antibodies which over-attack, or attack the wrong thing, such as the kidney, which might be

injured by over-zealous anti-

A variety of nephritis (glomerulonephritis) is characterized by inflammation of the capillary loops in the glomeruli of the kidney, as an over reaction to certain infections. There are serum sicknesses triggered by this sort of toostrenuous attack by the body's protective mechanisms.

Several Generations

Study of the Brown Spider's bite is not new. Dr. Smith found a male and a female Brown Spider in the basement of the Ashbel Smith Building on the UTMB campus years ago and raised "a good many generations of spiders, for research purposes," he reports. Furthermore, "there is a report of a spider bite lesion very

Direct Distance Dialing Starts Sunday For Hamlin Telephone Customers

Starting next Thursday, telephone customers in Hamlin will be able to dial their own Long Dis-Distance calls direct to more than 100 million telephones throughout the United States and Canada.

This improvement in telephone service, at no increase in rates, has taken years of planning and engineering.

When you dial your own Long Distance numbers, calls always go through at low station-to-station rates . . . about one third less than person-toperson.

HERE'S HOW TO MAKE A DDD CALL . . .

1. Dial "1" . . . this connects your phone to the vast DDD network.

2. Dial the Area Code only if it's different from your own. 3. Dial the number you want to call ... just as you would a local call. Suppose, for example, you want to call 825-4199 in Denver. The Denver Area Code

is 303 (see the front pages of your directory.) So you'll dial: 825-4199

Telephone Number Area Code

To make a call within your home 915 area, you will not need to dial the Area Code. To call 672-4351 in Abilene, for example, you would dial:

672-4351 **DDD** Code **Telephone Number**

In a few seconds, you'll hear the phone ring in the distant city.

Some Questions and Answers About Direct Distance Dialing

Q_"Will I be charged if I reach a wrong number?'

A-There is no charge for a wrong number. If you get a wrong number, try to find out what city and number you have reached. Then hang up, dial "Operator" immediately and report it to her. She will see that you are, not improperly charged for the call.

Q_"Will I be charged if the number I call is busy or there is no answer?'

A-No. Just hang up and try again later. DDD calls are recorded and billed by electronic machines which record only completed calls (when someone answers the distant telephone).

Q_"What if I run into trouble

A-Most DDD calls go through quickly, efficiently, and trouble-free. However, if you should be cut off, if you cannot hear well on the connection, or experience any other trouble, please hang up, then immediately dial "Operator" and report it to her.

She will take steps to correct the difficulty. Q_"How do I call collect or person-to-person?

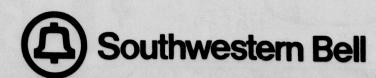

A—Your DDD calls are station-to-station calls. For other types of calls-person-to-person, collect, credit card calls, those charged to another number, or those from coin phones-dial "Operator." She will handle the call for you.

Q_"How do I get the area code for the city I want to call?'

A-The front pages of your telephone directory have a list of area codes for frequently called cities. Cities called less frequently are omitted to shorten the list and save you time. If you cannot find the area code for the city you wish to call, dial "Operator" and tell her the city you want.

Q_"What if I don't know the

A—Just dial "1", plus the area code if it's different from your own, plus 555-1212. The distant Directory Assistance operator will answer. When she gives you the number, jot it down. Then hang up for a few seconds before you dial your call. There is no charge for the call to Directory Assistance.
